

Join the Elektor Video Olympics

Did you build an Elektor project or read an Elektor article? Did you like it? Hated it? Tweaked, modded or destroyed something? This is your chance to let us know **and** be rewarded for it. Capture your Elektor experience on video, enter the Elektor Video Olympics and run off with the Grand Prize!

Be yourself

Do not try to imitate well-known vloggers. We like easy-to-watch, amusing videos about “something Elektor” with lots of electronics and techie stuff. Use humor if you want, but don’t overdo it. The goal is to collect as many “Likes” as you can from viewers. Aim for high image quality (preferably HD 1920 × 1080 pixels). Do not use music for which you don’t have the rights. Make sure speech is clear and understandable throughout the video.

Quick Start Guide

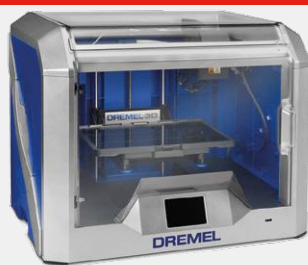

Shoot and edit your video to enter the contest. Using WeTransfer only, send it to tv@elektor.com before November 15, 2017, 6 pm CET. Do **not** send entries by email. If your video meets the Terms and Conditions, it will be posted on Elektor TV (www.elektor.tv) where people can view and like it. The 15 entries with the most “Likes” will be judged by a Jury to determine the Grand Prize winner as well as the winners of the lesser prizes. Each video that makes it to Elektor TV will be rewarded with a copy of the book ‘Analogue Video’ by Angelo La Spina.

*“No matter what they say,
winning is way more important than participating”*

What’s in it for me?

Grand Prize
